

CAPABILITY STATEMENT

Company Overview

Porta Services LLC provides time-sensitive logistics, courier, and operational support services to government agencies and prime contractors. The company specializes in secure transport of documents, equipment, and non-clinical supplies with structured documentation, chain-of-custody controls, and reliable delivery execution under PMP-certified leadership

Core Competencies

Time-sensitive logistics and courier coordination

- Secure transport of documents, equipment, and non-clinical supplies
- Scheduled and on-demand delivery support
- Chain-of-custody tracking and delivery documentation
- Operational support in regulated environments
- On-site logistics support for government agencies and prime contractors

Contracting Readiness

Easy to Contract With.

- Accepts Government Purchase Cards (GPC / P-Card) – Micro-purchases up to \$15,000 (FAR 13.201)
- Eligible for Simplified Acquisitions up to \$250,000 (FAR Part 13)
- Subcontracting Ready – Supporting prime contractors on federal, state, and local contracts
- Sole-Source Pathways – Opportunities up to \$5,000,000 through qualified SBA small business prime contractors
- Maryland Certified Small Business (CSB) – Eligible for Maryland Small Business Reserve (SBR)
- Performance-Focused Execution – Structured processes designed to reduce performance risk for prime contractors
- Cybersecurity Awareness – Familiar with FAR 52.204-21 safeguarding requirements for Federal Contract Information (FCI)

Past Performance

Leadership brings 15+ years of operational experience in OCONUS environments supporting time - sensitive logistics, vendor coordination, and regulated operational processes.

Differentiators

- PMP-Led Operations – Structured execution and risk control using PMI project management discipline
- 15+ Years OCONUS Experience – Operational leadership supporting logistics and regulated environments overseas
- End-to-End Task Accountability – Single-point oversight from task receipt through delivery confirmation
- Audit-Ready Documentation – Structured reporting and chain-of-custody controls
- Scalable Contractor Network – Flexible subcontractor model supporting rapid task execution
- Compliance-Focused Operations – Processes aligned with federal contracting and safeguarding standards

Certifications

- Maryland Certified Small Business (CSB)
